POLICE DEPARTMENT

ROBERT SIMMONS
Chief of Police

July1, 2007

In order to serve the community and the police department more efficiently, the Elk Grove Police Department has implemented the use of more accurate crime reporting tools. Our newly enhanced report writing and computer aided dispatch systems will aid in this endeavor.

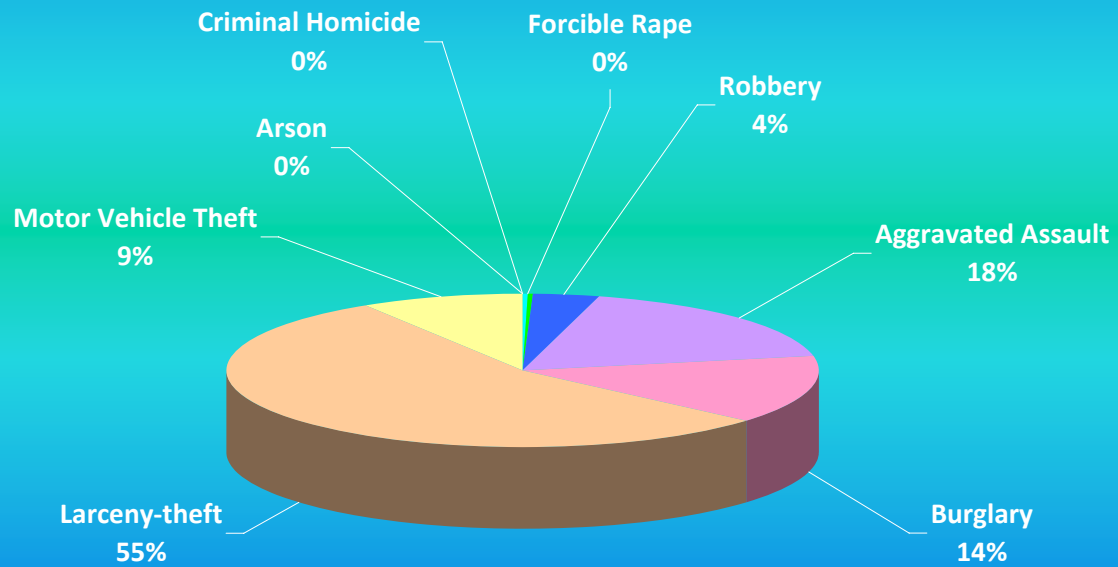

In an effort to streamline the crime information we report on our website, we have developed a reporting style more consistent with several other agencies. Part I Crimes will be reported each month which will include a year-to-date format and a visual depicting this information. Additionally, definitions developed by the *Uniform Crime Reporting (UCR) Program (Department of Justice, Federal Bureau of Investigation)* will be provided to the reader for a better understanding of what each crime category includes.

If you are interested in additional crime statistics, please follow the link to the City of Elk Grove's crime mapping tool. This tool allows the user to look up information and narrow down locations of certain types of incidents the police department has handled within a specified time frame and geographic location.

Thank you for the opportunity to provide you with valuable crime statistics. As we move forward, we will continue to see, with increased accuracy, the true picture of what is occurring in Elk Grove.
