

CITY OF ELK GROVE
Police Department
Interoffice Correspondence

February 1, 2009

In order to serve the community and the police department more efficiently, the Elk Grove Police Department has implemented the use of more accurate crime reporting tools. Our enhanced report writing and computer aided dispatch systems continue to aid in this endeavor.

Crimes by Beat will be reported monthly as well as Part I Crime categories. The Part I Crime information will include a year-to-date format and a chart depicting this information. Additionally, definitions developed by the *Uniform Crime Reporting (UCR) Program (Department of Justice, Federal Bureau of Investigation)* will be provided to the reader for a better understanding of what each Part I Crime category includes.

If you are interested in additional crime statistics, please follow the link to the City of Elk Grove's crime mapping tool. This tool allows the user to look up information and narrow down locations of certain types of incidents the police department has handled within a specified time frame and geographic location.

Thank you for the opportunity to provide you with valuable crime statistics. As we move forward, we will continue to see, with increased accuracy, the true picture of what is occurring in Elk Grove.
